Expertise

Web Developer — 2025

In the past three years, I have built a portfolio of +30 complete web projects. 75% using Wordpress, and 25% using code or frameworks as react.js and framer motion.

2022

Highlighted Recent Projects:

Montequin Créditos - Landing page
Check Cashing Company. I developed the project using custom code: HTML, CSS, JS, and PHP.
Web: https://montequincreditos.com.ar/
GitHub: https://github.com/TrompoAgenciaDev/montequin

Trompo Agencia - Web page
Digital Marketing Company. The website is being redesigned using React.JS and Framer Motion.
Web (Test): https://joelpallero.com.ar/trompoagencia/home
GitHub: https://github.com/TrompoAgenciaDev/trompoar

Horse Consulting - Web page
BIGDATA Company, among others, with a specialized algorithm for data analysis. The website redesign was carried out using WordPress and hubspot as CRM.
Web: https://horseconsulting.io/

Gamax - Calzados de Seguridad
Security shoes company. I developed a catalog and then an e-commerce. its my regular client and a good example of choosing me as his developer for the good work i've done with this website.
Web: https://gamax.com.ar/
